Independent Auditors' Report

To the Board of Directors

Jewish Family and Children's Services

We have audited the accompanying Statement of Financial Position of Jewish Family and Children's Services (a nonprofit organization) as of June 30, 2010, and the related Statements of Activities, Functional Expenses, and Cash Flows for the year then ended. These financial statements are the responsibility of Jewish Family and Children's Services' management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from Jewish Family and Children's Services' 2009 financial statements, in our report dated November 11, 2009, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Jewish Family and Children's Services, as of June 30, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (Continued)

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2010, on our consideration of Jewish Family and Children's Services' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of Jewish Family and Children's Services taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements June 30, 2010

1. Organization

Jewish Family and Children's Services (JFCS) is a not-for-profit organization that provides comprehensive social services to children, adults, and the elderly, as well as immigration and resettlement services, in a geographic area from Mountain View to Santa Rosa, California.

2. Summary of Significant Accounting Policies

Basis of Presentation – Financial presentation follows the U.S. generally accepted accounting principles promulgated by the Financial Accounting Standards Board. Under those principles, JFCS is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Cash and Cash Equivalents – Cash and cash equivalents consist of unrestricted cash and highly liquid investments with original maturities of three months or less at date of purchase.

Accounts Receivable – Accounts Receivable is recorded net of an allowance for expected losses. The allowance is estimated from historical performance and projections of trends. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Changes in the allowance have not been material to the financial statements.

Contributions, Grants and Bequests Receivable — Contributions, grants and bequests receivable are recorded at estimated fair value in the period in which the gifts become irrevocable. The fair value estimate is based on the amount of the gift and the estimated risk associated with the transaction. Contribution and grant receivables consist of unconditional promises to give. Unconditional promises to give are recognized as revenues or gains in the period received provided that they are to be paid within one year. Unconditional promises to give that are expected to be collected in excess of one year are recorded at the net present value of their estimated future cash flows. The discounts on these amounts are computed using the risk free rates applicable to the number of years the contribution is expected to remain outstanding. Amortization of the discounts is included in contributed income. Conditional promises to give are not recorded as revenue until the conditions have been substantially met. Bequest receivables are recorded based on estimates of the expected estate settlement amount.

Notes to Financial Statements
June 30, 2010
(Continued)

2. Summary of Significant Accounting Policies (continued)

Investments – Investments are stated at their fair value based on quoted market prices. Investments received by donation are recorded at their fair market value on the date received. Net realized and unrealized gains and losses are reflected as increases or decreases in unrestricted net assets, unless their use is temporarily or permanently restricted by the donor.

Property and Equipment – JFCS capitalizes expenditures for property and equipment in excess of \$1,000. Purchased property and equipment are carried at cost. Donated property and equipment are carried at the estimated fair value of the item donated at the date of donation. Depreciation is computed using the straight-line method based on the estimated useful lives of the related assets. Maintenance and repairs are charged to expense as incurred.

Donated Facilities and Services – The financial statements reflect \$320,660 of donated occupancy rights for the year ended June 30, 2010. Donated services are recognized when the services received either (a) create or enhance a nonfinancial asset or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donations. JFCS pays for most services requiring specific expertise.

Expense Allocation – The costs of providing various programs and other activities have been summarized on a functional basis in the Statements of Activities and in the Statement of Functional Expenses. Certain costs have been allocated among the programs and supporting services benefited.

Income Taxes – JFCS is exempt from income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. JFCS qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

JFCS recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management continually evaluates tax positions reflected in JFCS's tax filings and does not believe that any material uncertain tax positions exist.

Notes to Financial Statements
June 30, 2010
(Continued)

2. Summary of Significant Accounting Policies (continued)

Estimates – Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

Fair Value Measurements - JFCS has adopted FASB ASC 820 (formerly SFAS 157) as of July 1, 2009, for all financial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. FASB ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for that asset or liability. The fair value of liabilities includes consideration of non-performance risk including JFCS' own credit risk.

Comparative Financial Information – The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly such information should be read in conjunction with JFCS' financial statements for the year ended June 30, 2009, from which the summarized information was derived.

Reclassifications – Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

3. Concentration of Credit Risk

JFCS maintains cash balances at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 or by the Securities Investor Protection Corporation (SIPC) up to \$500,000. At June 30, 2010, JFCS had a cash balance of \$733,062 in excess of the insured amount. JFCS does not believe that it is exposed to any significant risk in connection with these cash balances.

4. Promises to Give

Receivable in less than one year	\$ 1,441,505
Receivable in one to five years	450,000
Receivable in more than five years	50,000
Total unconditional promises to give	1,941,505
Less: discounts to net present value	(9,841)
Less: reserve for uncollectible pledges	(33,104)
Net unconditional promises to give	\$ <u>1,898,560</u>

Promises to give to be received after June 30, 2011 are discounted at 0.66%.

At June 30, 2010, the carrying values of JFCS' promises to give, net of discounts and reserves, approximate the fair value of the net assets.

5. Promises to Give – Occupancy Rights and Scott Street Senior Housing Complex, Inc.

In 1998, JFCS entered into an agreement with Mount Zion Health Systems (MZHS) to form a separate corporate entity called Scott Street Senior Housing Complex, Inc. (SSSHC) for the purpose of creating an assisted living facility, now operating as Rhoda Goldman Plaza. SSSHC was incorporated September 14, 2000. The Articles of Incorporation of SSSHC stipulate that, should the corporation cease operations, its assets, after payment of liabilities, shall be distributed in equal proportion to JFCS and MZHS.

Under the agreement, JFCS contributed real property in exchange for occupancy rights for office space in the new facility. The Agreement includes a buyout provision. The buyout amount is based on the initial estimated fair value of the occupancy rights which was recorded as an asset, and is reduced each year over the initial 20 years of the lease using an 8% discount rate for the amortization. The discount rate used was specified in the original agreement and results in amortization based on the legal obligation. For the year ended June 30, 2010, JFCS recorded occupancy costs of \$555,930, an in-kind contribution of \$320,660, and the amortization of the discount of the asset of \$235,270. The agreement also included an allowance for costs associated with dislocation and relocation of JFCS during the construction phase of the project which has been recorded as a liability in the Statement of Financial Position, \$543,084 as of June 30, 2010. Amortization of this allowance of \$49,370 for the year ended June 30, 2010 has been recorded as a credit against occupancy costs.

Notes to Financial Statements June 30, 2010 (Continued)

Promises to Give – Occupancy Rights and Scott Street Senior Housing 5. Complex, Inc. (continued)

Promises to give restricted to occupancy rights at June 30, 2010 are due as follows:

Receivable in less than one year	\$ 255,977
Receivable in one to five years	2,779,650
Receivable in more than five years	<u>2,270,049</u>
Total unconditional promises to give	5,305,676
Less: discounts to net present value	(<u>1,482,261</u>)
Net unconditional promises to give at June 30, 2010	\$ <u>3,823,415</u>

6. **Investments**

Equity Securities Mutual Funds Money Market Accounts Government Securities Real Property Other	\$ 9,848,657 6,101,452 2,510,995 2,295,276 813,000 20,808

Assets Held Under Split-Interest Agreements Investments	\$ 6,480,568 <u>15,109,620</u>
Total	\$ <u>21,590,188</u>

Fees paid to investment managers for the year ended June 30, 2010 were \$131,730.

Investments are exposed to various risks, including interest rate, credit, and overall market volatility. JFCS maintains a formal investment policy that sets out investment guidelines including asset allocation guidelines and performance benchmarks for each of its investment managers. Investments are managed by multiple investment managers, who have responsibility for investing the funds in various investment classes. The investment managers and asset allocation are overseen by an Investment Committee that includes members and non-members of the JFCS Board of Directors and are reviewed by the Board of Directors.

Notes to Financial Statements June 30, 2010 (Continued)

7. Fair Value Measurements

FASB ASC 820 expands the disclosure requirements around fair value and establishes a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in an appropriate market. Each fair value measurement is reported in one of the three levels which are determined by the lowest level input that is significant to the fair value measurement in its entirety.

These levels are:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly. Valuations for assets and liabilities traded in less active dealer or broker markets; or obtained from third party pricing services for identical or similar assets or liabilities.
- Level 3 Fair value measurements based on valuation techniques that use significant inputs that are unobservable. These measurements include circumstances in which there is little, if any, market activity for the asset or liability. Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The fair value of investment securities and restricted cash is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the instrument.

7. Fair Value Measurements (continued)

The table below summarizes JFCS' investments measured at fair value on a recurring basis, by the fair value hierarchy at June 30, 2010.

	Level 1	Level 2	Level 3	<u>Total</u>
Investments				
Cash and Money Market \$	1,446,616	\$ -	\$ - \$	1,446,616
Equities	7,189,334	-	-	7,189,334
Fixed Income Mutual Funds	-	5,660,370	-	5,660,370
Other	-	-	813,300	813,300
Assets Held in Split Interest Agreements				
Cash and Money Market	1,064,493	-	-	1,064,493
Equities	2,659,322	-	-	2,659,322
Fixed Income Mutual Funds	-	2,736,357	_	2,736,357
Other	-	-	20,396	20,396
\$	<u>12,359,765</u>	\$ <u>8,396,727</u>	\$ <u>833,696</u> \$	<u>21,590,188</u>

Other financial instruments:

Financial instruments included in JFCS' Statement of Financial Position as of June 30, 2010 which are not required to be measured at fair value on a recurring basis include cash and equivalents, accounts receivable, contributions, grants, and bequests receivable, prepaid expenses, accounts payable and accrued expenses, liabilities associated with split-interest gifts, liabilities associated with post-employment benefits and notes payable.

For cash equivalents, the carrying amounts materially approximate their fair values due to the short maturity of these financial instruments. For the other financial instruments listed, carrying amounts represents a reasonable estimate of their fair value.

Notes to Financial Statements

(Continued)

8. Notes Receivable

Notes receivable are primarily low interest student loans. The loans can be repaid at any time before graduation without interest. Upon graduation, the loans begin to accrue interest. The loan period is typically four to seven years with interest rates ranging between 1.95% and 6.75%. JFCS also makes emergency assistance loans at 0% interest. The allowance is estimated from historical performance and projections of trends. Notes receivable at June 30, 2010 consist of the following:

Notes Receivable Allowance for Uncollectible Loans	\$ 1,161,230 (307,504)
Notes Receivable, Net	\$ <u>853,726</u>

At June 30, 2010 the carrying values of JFCS' Notes Receivable net of allowances approximates the fair value of the assets.

14. Permanently Restricted Net Assets and Donor-Designated Endowment

On January 1, 2009 the *Uniform Prudent Management of Institutional Funds Act* (UPMIFA) was adopted by the State of California. The new law applied modern portfolio theory to the management of endowment funds, providing standards to guide investment and spending of these funds in a prudent manner and eliminating the restrictions on spending endowment funds that have fallen below their historical dollar value.

JFCS' endowment consists of approximately 260 donor-restricted funds established for a variety of purposes. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

JFCS' Board of Directors has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, JFCS classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by JFCS' Board of Directors in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, JFCS' Board of Directors considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds. (3) general economic

Notes to Financial Statements
June 30, 2010
(Continued)

14. Permanently Restricted Net Assets and Donor-Designated Endowment (continued)

conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investment, (6) other resources of the Agency, and (7) the Agency's investment policies.

The JFCS' Board of Directors has adopted investment and spending policies for endowment assets that are intended to provide a predictable stream of funding to programs supported by the Agency's endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, it is the goal of the aggregate endowment fund assets (excluding assets segregated for split-interest gifts) to meet or exceed a real rate of return (inflation-adjusted) of 4% after fees and costs, but before annual spending.

Actual returns in any given year may vary from this amount. Endowment assets are invested in a well-diversified asset mix, which includes equity and debt securities. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed so that the fund is not exposed to unacceptable levels of risk.

JFCS' Board of Directors has also adopted a policy of appropriating for distribution each year no more than the weighted average of 70% of the previous year's appropriation and 30% of 4% of the fair value of endowment assets as of the measurement date.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Agency to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$-0- as of June 30, 2010. There was a reportable deficiency of \$1,439,124 as of June 30, 2009. The deficiency resulted from unfavorable market fluctuations and continued appropriation for certain programs that was deemed prudent by the Board of Directors.

15. Retirement Plans

JFCS is one of fourteen organizations that jointly contribute to a single defined benefit plan, the retirement plan of the Jewish Community Federation of San Francisco, the Peninsula, Marin and Sonoma Counties, and Affiliated Agencies (the Plan). The assets and liabilities of the Plan are not attributed to participating employers on an actuarial basis and actuarial information for individual organizations is not determined.

Plan officials elected to freeze the plan as of December 31, 2007. The Plan had an unfunded liability as of that date. Each participating employers' share of the unfunded liability has been computed by a formula based on covered payroll at the end of 2007. Each year, the Plan sponsor assesses participating employers a payment amount based on Plan expenses and funding requirements under ERISA and IRS regulations. JFCS' share of the unfunded liability of the Plan computed on a termination basis as required by ERISA and IRS regulations was \$1,047,363 as of that date. As of December 31, 2009, JFCS' share of the unfunded liability of the plan had grown to \$2,500,905. The increase was primarily due to investment losses occurring near the end of 2008. Management believes that the unfunded liability has not increased materially between December 31. 2009 and June 30, 2010, the date of these financial statements. The liability has been recorded in the Statements of Financial Position of the Agency. Plan officials maintain a diversified portfolio subject to an investment policy that requires asset allocation among several asset classes. The portfolio is monitored by an investment committee, and outside investment counsel, and the board of directors of the Plan's sponsor. During the year ending June 30, 2010, JFCS paid \$405,756 for Plan expenses and contributions toward the unfunded liability of the Plan.

JFCS maintains a supplemental retirement plan covering a select group of employees. The supplemental plan has been organized as a nonqualified plan under IRS section 457(f). As such the employees' deferred compensation is subject to substantial risk of forfeiture. JFCS records the assets and liabilities for the plan in the Statement of Financial Position. Contributions to the 457(f) made during the year ended June 30, 2010 totaled \$87,302.

As of January 1, 2008, JFCS employees can elect to participate in a defined contribution plan organized as a qualified plan under IRS section 403(b). The plan allows employees to defer a portion of their earnings. Eligible employees also receive an employer contribution. Under terms of the plan, the employer portion is funded subsequent to the end of each calendar year. JFCS records the employer share as pension expense in the Statement of Activities. Pension expense for the 403(b) defined contribution plan was \$951,486 for the year ended June 30, 2010.

Notes to Financial Statements
June 30, 2010
(Continued)

16. **Donor-Advised Funds**

Unrestricted net assets include \$1,297,774 of donor-advised funds at June 30, 2010. Although grant recommendations are accepted from the donors or other advisors of these funds, JFCS has variance power; that is, the ultimate discretion of the use of these funds lies with the Board of Directors. Thus, such funds represent unrestricted net assets to JFCS. Grants from donor-advised funds are included in Program Services expenses.

During the fiscal year ended June 30, 2010, donor-advised funds activity was as follows:

Balance, beginning of year	\$	769,689
Contributions to donor-advised funds		895,082
Grants from donor-advised funds to JFCS	(156,552)
Grants from donor-advised funds to others		210,445)
Balance, end of year	\$ 1	297,774
balance, end of year	Ψ <u>1</u>	231,114

17. Lease Agreements

JFCS is obligated under various operating lease agreements for program facilities. The leases expire at various times from 2013 to 2040. Rental expense under these leases for the fiscal year ended June 30, 2010 was \$243,098. Future minimum lease commitments are as follows:

Fiscal year ended June 30,	
2011	\$ 246,445
2012	247,985
2013	249,571
2014	222,743
2015	195,110
Thereafter	<u>1,515,550</u>
Total	\$ <u>2,677,404</u>

Notes to Financial Statements June 30, 2010 (Continued)

18. Split-Interest Agreements

JFCS is the residual beneficiary of a number of split-interest agreements. These include charitable remainder trusts (CRT), charitable gift annuities (CGA), and pooled income funds (PIF). Assets held in split-interest agreements are recognized at estimated fair value with a corresponding liability to beneficiaries. JFCS' net beneficial interest in the split-interest agreements is the difference between the assets and the liabilities. The net beneficial interest is included in temporarily and permanently restricted net assets and is shown as a release from temporarily restricted net assets when the non-charitable beneficiaries' interest in the agreement expires. JFCS reports contribution from split-interest agreements and the change in valuation of split-interest agreements separately in its Statement of Activities. Investment income and realized and unrealized gains and losses are recorded as a change in the value of split-interest agreements for CRT and PIF agreements. For CGA agreements, income and realized and unrealized gains and losses are recorded separately in the Statement of Activities.

A CRT provides for the payment of distributions to the grantor or other designated beneficiaries over the trust's term which can be a specified number of years or the life of the income recipient or recipients. At the end of the term of the trust, the remaining assets are available for JFCS' use. On an annual basis, JFCS revalues the liability for scheduled distributions to designated beneficiaries based on actuarial assumptions. The present value of the estimated future payments is calculated using a discount rate of 6% and the gender-based Annuity 2000 Mortality Tables (Annuity 2000) published by the Society of Actuaries.

A CGA is an arrangement between a donor and JFCS in which the donor contributes assets to JFCS in exchange for a promise from JFCS to pay a fixed amount for a specified period of time. The present value of the estimated future payments is calculated using a discount rate of 6% and the gender-based Annuity 2000 Mortality Tables (Annuity 2000) published by the Society of Actuaries. The California State Department of Insurance licenses JFCS to issue CGAs, which are regulated as insurance products. The State requires that an invested reserve be maintained that is calculated based on the terms of the CGA. The invested reserve is subject to certain portfolio restrictions. Investments must be in marketable securities and there are limitations on the total value of foreign investments that may be included in the portfolio. The total reserve requirement as of June 30, 2010 was \$1,867,718.

Notes to Financial Statements
June 30, 2010
(Continued)

18. Split-Interest Agreements (continue)

PIFs are arrangements whereby donors' gifts are invested and pooled together, and each donor is assigned a relative number of units in the pool. The donor receives life time payments consisting of the actual investment income earned on the donor's units of the pooled income fund. Upon the donor's death, the value of the donor's units reverts to JFCS. The present value of the estimated future payments is calculated using a discount rate of 6%, using Annuity 2000 and an estimated average annual investment return of 5%.

The following is a summary of assets held in split-interest agreements as of and for the year ended June 30, 2010:

Beginning of year	\$ 5,781,307
Additions	612,205
Income	400,871
Payments to beneficiaries	<u>(313,815</u>)
End of year	\$ <u>6,480,568</u>

The liability for the present value of the estimated future payments is \$4,787,478 as of June 30, 2010.

The invested assets are accounted for at their fair value. The present value of the liability approximates its fair value and is computed using the estimated life expectancy of the income interest and a discount rate of 6% which is based on past earnings and projected future earnings.

19. Subsequent Events

Management has reviewed subsequent events through October 22, 2010, the date which the financial statements were available to be issued, and determined that there were no reportable events.

Page 25 of 31

Notes to Schedule of Federal Expenditures

- 1. Basis of Presentation The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of JFCS under programs of the federal government for the year ended June 30, 2010. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Because the Schedule presents only a selected portion of the operations of JFCS, it is not intended to and does not present the financial position, changes in net assets, or cash flows of JFCS.
- 2. Basis of Accounting Expenditures reported on the Schedule are reported on the accual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-122, Cost Principles for Non-Profit Organizations, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- 3. Pass-Through Numbers Pass-through entity numbers are presented where available.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors

Jewish Family and Children's Services

We have audited the financial statements of Jewish Family and Children's Services as of and for the year ended June 30, 2010, and have issued our report thereon dated October 22, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Jewish Family and Children's Services' internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Jewish Family and Children's Services' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Jewish Family and Children's Services' internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (Continued)

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Jewish Family and Children's Services' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the board of directors, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors

Jewish Family and Children's Services

Compliance

We have audited the compliance of Jewish Family and Children's Services with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2010. Jewish Family and Children's Services' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Jewish Family and Children's Services' management. Our responsibility is to express an opinion on Jewish Family and Children's Services' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Jewish Family and Children's Services' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Jewish Family and Children's Services' compliance with those requirements.

In our opinion, Jewish Family and Children's Services complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 (Continued)

Internal Control Over Compliance

The management of Jewish Family and Children's Services is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Jewish Family and Children's Services' internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Jewish Family and Children's Services' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the board of directors, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
